***Allowable Subject Matter***

1. Claims 32-47, 53-55 are allowed.

***Reasons for Allowance***

2. The following is an examiner's statement of reasons for allowance:

The prior art taken singly or in combination does not teach or suggest, a graphics system, among other things, comprising:

an arbitrary ordering component comprising a first group of multiplexers and a second group of multiplexers; the first group of multiplexers having individual inputs received from the stage assembly and individual outputs provided to the rasterization; and the second group of multiplexers having individual inputs received from the rasterization pipeline and individual outputs provided to the stage assembly.

The closest prior art, reference Leather et al. teaches a stage assembly, a rasterization pipeline, and an arbitrary ordering component.

However, reference Leather et al. does not teach the arbitrary ordering having the claimed first and second groups of multiplexers.

***Conclusion***

3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
